PROFILE

I am a diligent and enthusiastic full-stack passionate about coding and problem-solving. With a solid foundation in computer science principles and recent coursework in software development, I am eager to apply my skills in a professional setting. With a proactive approach to learning and a collaborative mindset, I am poised to make valuable contributions to any development team.

TECHNICAL SKILLS

Working Knowledge: HTML, CSS, SCSS, Bootstrap, JavaScript, React.js, Node.js, Express.js, Python, Flask, REST APIs, MySQL, Git, GitHub, Netlify, Heroku, JWT, OAuth, Agile Methodology (Jira)
Exposed To: C#, Django, TypeScript, Tailwind, Docker, Figma, Python Selenium

PROJECTS

Full Stack Developer | Watchlist   APL 2024
- Engineered features utilizing React for dynamic user interfaces resulting in improvement in user interaction.
- Implemented secure user authentication and authorization protocols, ensuring data integrity and user privacy.
- Utilized Web APIs for enhanced functionality and scalability, with plans for future deployment on Heroku and Netlify to ensure seamless user access

Full Stack Developer | Kijiji Hackathon   APL 2024
- Collaborated within a team to conceptualize, design, and execute a stack web application within a 24-hour timeframe for the Kijiji Hackathon.
- Developed and integrated innovative features using React and Node.js, enhancing user experience and engagement.
- Demonstrated agility and problem-solving skills in overcoming challenges and delivering a functional prototype on schedule.

EDUCATION

BrainStation	Toronto, Canada
Diploma, Software Engineering	FEB 2024-MA 2024
Seneca College	Toronto, Canada
Advanced Diploma, Computer Engineering Technology	JAN 2021-APL 2023

PROFESSIONAL EXPERIENCE

IT Summer Student | Plexxus   Toronto, Canada
                                                                            JUN 2022-AUG 2022

- Resolved internal user/customer requests in a timely manner
- Communicated the IT Plan of updating computer setup efficiently to impacted users
- Implemented the update in person or remotely
- Co-ordinated with IT team members on day-to-day activities and request resolutions

Researcher | Nikoosegal   Tehran, Iran
                                                                            JAN 2017-MA 2017

- Translated English documents to Farsi, improving information accessibility for the team
- Analyzed data, identifying key trends and insights that contributed to an increase in project efficiency
- Conducted professional research, contributing to an increase in project efficiency
- Demonstrated organizational skills and teamwork, resulting in successful project completion

CERTIFICATE

Zero to Mastery Academy | Complete Python developer   JUN 2023 - JUL 2023
- Develop: Python with Flask for web development
- Automate: Testing and automation with Selenium
- Analyze & Visualize: Data using Pandas, NumPy, Matplotlib, and Seaborn

LANGUAGES

Fluent: English, Farsi
Proficient: French
